

Apartment Power Meter ICP Numbers

St Paul's Apartments

As part of the setting up process when moving into a new apartment, your selected power company provider will ask for the apartment's power meter ICP to set up an account. In most cases, residents do not have access to the power meters to find this information and Administrate wish to assist by providing an online register of apartment ICPs for St Pauls Apartments. For new apartment owners or new tenants, this will be an extremely helpful asset.

Where an ICP is not available (or is incorrect) on this register, residents can update this ICP register for their apartment. To validate your apartment's power meter ICP number, find your latest power bill, and compare it with the ICP on the schedule for your apartment; if it is not correct, take the following link to the [St Pauls Website ICP Update form](#)

Where there is an ICP and it is noted as being a remotely read Smart meter – moving residents can get their power suppliers to get initial and final readings.

Apt	ICP	Smart	Apt	ICP	Smart	Apt	ICP	Smart	Apt	ICP	Smart
